

HIGHWAY ROBBERY!

Governor Rick Perry, State Representatives Frank Corte, Joe Straus, Carter Casteel and others want us to privatize our freeways and make us pay a TOLL. Now there are secret deals. Visit www.SATollParty.com to find out more.

FREWAY PRIVATIZATION TOLL PLAN WILL COST OUR FAMILIES:
\$2,000 OR MORE PER YEAR!

"This whole deal **SCARES THE HELL OUT OF ME**, quite frankly,"
- Roland Gutierrez, San Antonio Councilman

"We believe that the public is unaware that our system of open government is under gross attack."
- David Stall, CorridorWatch.org - in Express-News 6/10/05

"...making drivers pay a TOLL on a road that is already funded is **DOUBLE TAXATION!**"
- Carol Keeton Strayhorn, Texas Comptroller

"Existing freeways have **NEVER** been tolled in the history of our country!"
- Sal Costello, Founder of TexasTollParty.com

"**THIS IS DOUBLE-TAXATION AND AN OUTRAGE.** local officials are largely shut out of the process."
- David Leibowitz, Texas State Representative

Freeway tolls on Loop 1604 and U.S. 281 will be used to put more tolls on more freeways!

Our tax dollars might have already paid for the land/ROW (Right Of Way), but we don't know, since all the details of the toll deal with the Spanish company "Cintra" are a SECRET. Alamo Regional Mobility Authority board members (and members of TxDOT) have signed confidentiality agreements, so they cannot discuss the toll agreements as a board, in public meetings, or in closed-door sessions. Freeways all over Texas are being converted to toll roads. Every good

and service will cost more with additional toll tax added to the bottom line. www.saTollParty.com is a **nonpartisan**, grassroots, Texas-sized Strategy that can stop the **Special Interest Tax & Toll boondoggle** and de-elect the people who have **IGNORED** the public. Join tens of thousands of Texans for the **voter revolt of the century!** OUR freeways should NOT be privatized. Take a stand. Let's work together. Go online now and tell them NO!

Tell them **NO!** online and you'll get updates on how we can stop Freeway Tolls!
